

Friends, we are asking the Lord to lead us to plant five new churches by 2028.

*Who knows? Perhaps God gave you his gifts for just such a time as this!*

Come early to Presbytery, grab a great lunch at a seminar on church planting, and get trained and equipped to help support a church plant!

On Friday, April 30 — 12:00-2:00pm — join the Project 2028 Team and Tom Ricks for a seminar at Parkway Pres in Atlanta on equipping Ruling Elders. Tom is a church planter, Pastor at Greentree Community Church in St. Louis, and the Leader of the EPC's efforts in Church Planting. He is joining us at our Presbytery Gathering on April 30 to help equip and train us on how we can best work as elders to give church plants hands-on support in the areas of finances, leadership development, oversight, and prayerful encouragement.

Our goal is to see 15 Ruling Elders join us from across our Presbytery to learn and give feedback. There's no commitment yet on your part to serve – right now we are looking for the willing!

Every church plant needs a planter and a launch team ... and then people like you, behind the scenes, equipped to serve out of your gifts. As an elder, God has gifted and equipped you to serve and shepherd: come discover what it looks like to plow those gifts into supporting a church plant!

Please register by April 18.

Questions? Contact Andy Cornett (TE Signal Mountain) at 239-691-8653 or [andycornett@gmail.com](mailto:andycornett@gmail.com)

Copy **Registration information** below and submit to [assistant@epcsoutheast.org](mailto:assistant@epcsoutheast.org) by April 18 along with Presbytery registration found in **113<sup>th</sup> Presbytery Registration** in accompanying email message.
